

SPLASH HEAD

The NEW lure was born with the concept of high versatility that allows you to perform the necessary actions with a single top water plug, which has very few options compared to minnows, which have many variations.

- Length : 140mm / Weight : 42g / Hook : ST-46 #1/0
Type : Floating / Action : Popping & Skating

FEATURE

A big size model of splash head that has many achievements such as sea bass, blackfin seabass, and blue-backed fish. We are good at splash & dirt that also supports diving games at the top.

It strongly appeals to the target with a solid and strong splash as a popper that attacks with [point], which is an action necessary for a top water plug, and a skating action with a large swing width as a pencil that explores a wide range with [face].
