TICT create your fishing style!

M-FLOAT

Capture the rise of "Break" and
"Light and Dark Section" that have
not been reached until now!
It is also possible to invite you to move only the jig head ahead with
the float as a fulcrum by smooth floating!

TICT M-FLOAT

-A float with excellent flight distance that is particular about its form!
-Caro type (floating type) gives you a direct feeling of operation!
-Atari is also clear!
-Equipped with front and rear Sic rings for smooth entry and exit of
 the line! Trouble reduction!
-By high-intensity phosphorescence, visibility is outstanding!
-Floating posture that does not rotate and is well balanced!
