KEY FEATURE

The Stradic has undergone a dramatic evolution with the advanced features of the flagship model.

Infinity Cloth greatly improves the durability of your gear.

The performance of "winding" has been improved by Infinity Drive which realizes powerful winding.

Anti-twist fins suppress line troubles and increase confidence in casting.

Duracross with increased durability of the drag washer supports fighting under harsh conditions.

Stradic has rewritten the existing performance.

As a new standard for Shimano spinning reels, this is one we would like to deliver to anglers who aspire to the next level.

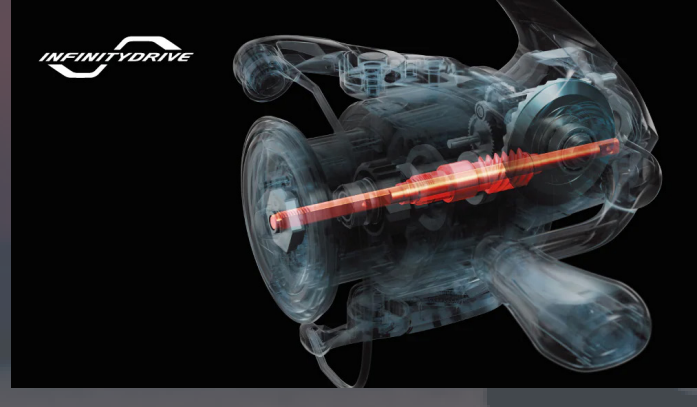

STRADIC has evolved further.

Overwhelming gear durability due to reliable design and manufacturing technology.

Powerful winding that allows you to always take the initiative.

Line trouble suppression structure for more comfortable fishing.

Overwhelming wear resistance, smooth and reliable drag performance.
