Excellent waterproof performance protects against submersion in the unlikely event of falling into the water, and high buoyancy prevents items from being lost due to submersion.

* The capacity limit varies depending on the size.

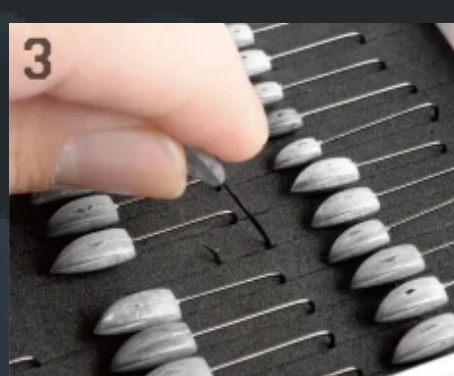

The slit urethane foam and free compartment system make it comfortable to store jig heads, worms, and small items. It demonstrates its ease of use for general lure games, especially salt light games.

1
Completely waterproof packing that prevents water from entering even if it falls into the water

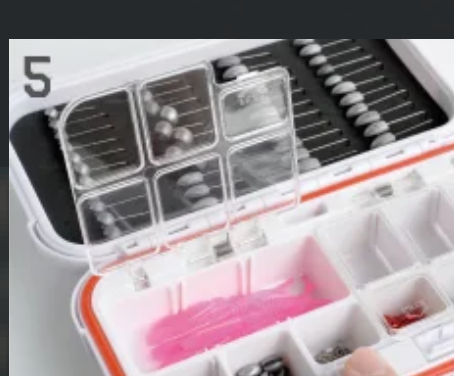

2
High buoyancy
*The capacity limit varies depending on the size.

3
Urethane foam with slits

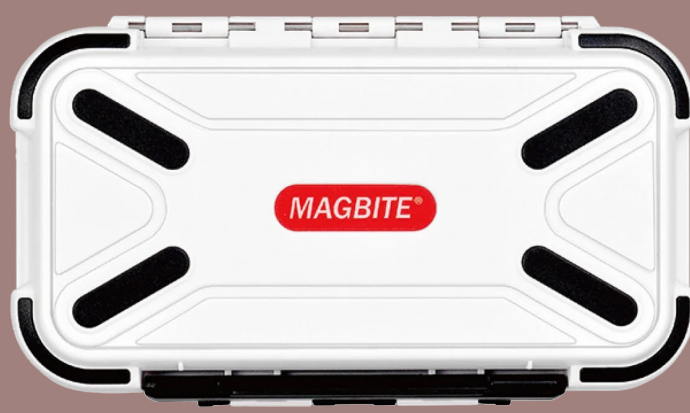

4
The partition can be removed to store worms and plugs.
*The number of removable partitions varies depending on the size.

5
Clear cover that opens with a button and closes with a click.
